

Notice No. 2609 Date. 1/6/18

It has been decided to conduct Faculty Development programme by SCTE&VT to enhance the quality of technical education at Diploma level Institutions. As a part of this activity, a Faculty Interaction programme shall be conducted at five different places of the state such as Balasore, Berhampur, Sambalpur, Cuttack and Bhubaneswar. Initially such interaction programme shall be conducted in four major disciplines of Civil Engg., Mechanical Engg., Electrical Engg. and Electronics Engineering on different dates from 20/6/2018 to 22/6/2018.

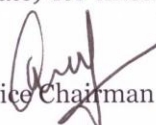

All teaching faculties of Govt. and Private Polytechnic level institutions of these four disciplines including their allied disciplines, shall attend the interaction session. Basic objective of interaction of the teachers with the Experts from respective discipline is to find out the gap between knowledge being imparted at polytechnics and desirable knowledge for quality education and also to find out their training upgradation needs. After making the Gap study analysis, the Council shall plan for conducting training of the teaching faculties at different reputed organisations and industries. This activity shall be extended to other disciplines of study subsequently.

Hence, all the Principals are required to submit the list of faculties of the above disciplines, who are interested to attend the interaction session on the stipulated dates in Make My Report link in the council Website by **12 Noon of 5.6.2018** positively. Teaching faculties not attending the interaction session shall not be considered for Training to be conducted by the council.

Memo No. 2610 Dtd. 1/6/18

Vice Chairman

Copy to Principals of all Polytechnics (Both Govt. and Private) for information and necessary action.

Vice Chairman
